

Integrated Circuit, Hybrid, and Multichip Module Package Design Guidelines: A Focus on Reliability (Hardback)

By Michael Pecht

John Wiley & Sons Inc, United States, 1994. Hardback. Condition: New. Language: English. Brand new Book. Circuit designers, packaging engineers, printed board fabricators, and procurement personnel will find this book a microelectronic package design--for--reliability guidelines and approaches essential for achieving their life--cycle, cost--effectiveness, and on--time delivery goals. Its uniquely organized, time--phased approach to design, development, qualification, manufacture, and in--service management shows you step--by--step how to: aeo Define realistic system requirements in terms of mission profile, operating life, performance expectations, size, weight, and cost aeo Define the system usage environment so that all operating, shipping, and storage conditions, including electrical, thermal, radiation, and mechanical loads, are assessed using realistic data aeo Identify potential failure modes, sites, mechanisms, and architecture--stress interactions-----PLUS appropriate measures you can take to reduce, eliminate, or accommodate expected failures aeo Characterize materials and processes by the key controllable factors, such as types and levels of defects, variations in material properties and dimensions, and the manufacturing and assembly processes involved aeo Use experiment, step--stress, and accelerated methods to ensure optimum design before production begins Detailed design guidelines for substrate.wire and wire, tape automated, and flip--chip bonding.element attachment and case, lead, lead and lid seals-----incorporating dimensional and geometric configurations of package...

Reviews

A fresh e-book with a brand new perspective. This is certainly for anyone who statte that there had not been a really worth reading. I am just happy to explain how this is the very best publication i have go through in my individual lifestyle and may be he best pdf for ever.

-- **Margarett Roob**

The very best publication i possibly study. This is certainly for anyone who statte there was not a worth looking at. I am just very happy to tell you that this is basically the best pdf i actually have study inside my individual life and could be he very best pdf for possibly.
